| 15. 5pm -Till late | Socail hour                     |

**David Bwambale Kongolo**  
RweFra Chair

## Word from Chairman

It is now 3 years ever since RweFra was inaugurated as a legally registered entity bringing together people of divergent religious affiliations, different political affiliations and ethnicity all hailing from the Rwenzori region. RweFra has grown through leap and bound and today it's a brand of its own because of the numerous achievements that it has come to be associated with.

Today, RweFra is a formidable force within the kasese community. That was our dream when we decided to come together and set up this purposeful vehicle that would drive us into social and economic transformation all engineered by our unity in diversity. As Chair, I wish to appreciate RweFra for granting me another chance to serve for another two years – what we ordinarily call a second terms.

This clearly is an indication of the confidence you have in me specifically as a chair but also my team. We pledge to continue serving the association to the best of our abilities. However, this will only be possible with the support of everyone. I on this note request for your continued support to allow us consolidate the gains we have achieved but also aspire for more, so as to propel RweFra to a higher level.

## Secretary General

### Message from the General Secretary

#### Dear Colleagues,

It has been three (3) years since we came together as an Association. We welcome all new members and continue to appreciate the role played by each member in ensuring that RWEFRA continues to shine as a team. We must not ignore the gains attained and challenges encountered in the past three years. With an increasing membership, member expectations continue to be diverse. It continues to be the role of every member to make a difference in improving the quality of life of our communities and to enhance our social and economic relations. We must not lose track of this path. We should each endeavor to consolidate the gains so far gained and build on the successes to even do better. Relying on your continued efforts and support, I am quite hopeful that RWEFRA and the region has a brighter future where all of us shall look back and appreciate having been part of this transformational movement. As our term of service as your Executive Committee nears its end, I encourage all members to be ready to take on the Leadership of the Association with a focus on its sustainability. On behalf of the Association, I thank every member and our Partners that have made it possible to attain success in the various projects and programmes. I hope that you find this report informative and fulfilling.

**Thank you.**

**Samuel Kiriaghe**  
**General Secretary**

## RWEFRA – Who are we?

Rwenzori Fraternity is a non-partisan association of people hailing from the Rwenzori Region. Rwe fra was founded in 2014 as a loose WhatsApp platform, and later fully registered as a formal association in 2016. It was initially established by members with an objective to share challenges and way forward on matters of security, increasing violence, and other crises that had engulfed Kasese District and more generally the Rwenzori region. Through the platform, members thought that they could make a contribution to resolving these issues, and foster unity and development of communities. The forum was later embraced by a sizeable number of individuals both from the Rwenzori Region and other areas of Uganda and those living outside Uganda.

## Our Vision

Striving to foster unity, accountability and advocacy for better service, and improve welfare for the people of the Rwenzori

## Our Mission

To strive to be a strong advocacy platform for the people hailing from the Rwenzori region.

## Association objectives

1. Providing mentorship and support to an increasing number of emerging young professionals and university students
2. Promoting unity in diversity for a people living in a cosmopolitan (multi-ethnic) Rwenzori region
3. Supporting annual gatherings as a forum for socialization, networking and identity
4. Providing a platform for debate and engagement on issues affecting the Rwenzori region
5. Engage with local leadership on issues of public service delivery and accountability

## Rwe fra Legal Status

Rwenzori Fraternity Association is a fully registered and incorporated as an Association under the Uganda Registration Services Bureau (URSB), since

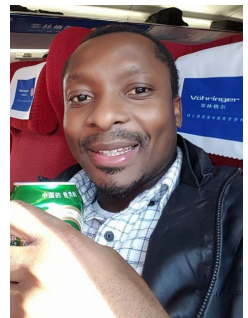

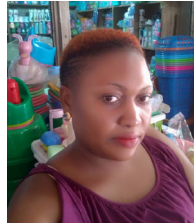

**RWEFRA – A platform for engagement**

2015, under registration number xxxxxxxxx, and operating as Rwenzori Fraternity Association (Rwefra).

## Current RWEFRA Leadership

The two-year term of the pioneer or inaugural leadership ended in April 2018 (April 2016 – April 2018). Based on the constitutional provisions, a new leadership was voted into office. This followed a highly competitive process of contestants engaging members and convincing them on their future for Rwefra. The voting process happened at the 2nd AGM, conducted by an independent Electoral committee headed by Mr. Emma Balityeba. The new team (May 2018 –April 2020) is as below: We thank everyone who offered to contest and argue the different ideas about their view of the direction of Rwefra, we continue to engage each of the contestants at the different levels to ensure their good ideas are incorporated into our work-plans, but also harness their willingness to be part of those aspirations.

## Applaud the former Team!!

We applaud the former team of leaders who set the stage for the association, picking and organising it up from scratch to now an association that everyone is proud of. We thank them for their dedication, but also their continued support even to this new team to ensure institutional memory is not lost. We will continue to engage them and we hope they will be available for us. So far, for this first year, they have not let us down. We thank them for keeping the RweFra spirit burning!

## Want to Join us?

### **Membership to the association is open to;**

- Any person of sound mind who has attained 18 years of age.
- Native of Rwenzori Region
- Recommended by at least five (5) paid-up members.
- Pay a non-refundable fee of UGX 50,000 as membership fees.
- Pay subscription fees of UGX 30,000, annually to activate your membership.
- Pay Compulsory RWEFRA Sacco shares of 50,000=
- **TOTAL PAYMENT NEEDED AT ENTRY = 130,000 (First timers)**

## WHAT HAS RWEFRA DONE IN THE THIRD YEAR (MAY 2018-APRIL, 2019)

A lot has happened within the last one year (May 2018 – April 2019) of the Association and more will continue to be undertaken. Each of us is proud to belong to an association that advances our interests as individuals and as a community. Rwe fra has registered visible and invisible achievements. However, for purposes of this report, we present this accomplishments within the departments that undertook them as follows:

### WELFARE DEPARTMENT

#### Word From the Chair:

As a chair of the Welfare Department, I wish to thank my team for whatever we have accomplished, and being together for the year in planning for Rwe fra. I take this opportunity to present my team to you so that we can thank them altogether.

1. Chair – **Geoffrey Baluku aka Papa Paluku**
2. Vice Chair – **Godfrey Tumusime aka Baba Ndugu**
3. Secretary – **Nanyonga Agnes**
4. Doreen Peace Bwambale (Member)
5. Biira Scovia (Member)

We wish, as a team, to thank all of you for having enabled us to perform, in our view, to 100% success, and ask that you continue supporting us even in this upcoming year. We have come up with a welfare policy to streamline our work even better, and we hope you will debate and pass this policy to address any challenges that may emerge as we continue to serve you. I also wish to indicate that we have successfully done a lot of activities and those below are noted:

### 1. Social Protection And Welfare

#### a) The Health Insurance Project

Medical insurance with AAR where 18 million Shillings were raised to pay for the medical insurance of the 23 Rwe fra members and their loved ones. We purpose to multiply the number of members on medical insurance cover in 2019/2020.

## b). Lala Salama Funeral Insurance

Even in the hands of the World's best medical doctors, death at times is inevitable. As Rwe fra members, we purpose to send off our loved ones with dignity by way of arranging a befitting sendoff. To do it better, we had to partner with one of the best funeral service providers in East Africa and beyond called Uganda Funeral Services Ltd. Over 80 members enrolled for the service by pay death insurance package through Sanlam insurance company who are the insurance specialists of Uganda Funeral Services Limited

## 2. Condolence Contribution.

This policy was passed to support colleagues and families in emergency circumstances such as death for their immediate loved one. As is our Bakonzo culture, such families need financial support (embulhulhu) to help them go through the painful and often costly period of sending-off their loved ones. RweFra has commiserated with a number of families during their most difficult times. The condolence policy has proved so far to be one of the best. The policy recommends support in times of loss of immediate family member – in this case, restricted to parent, your wife, and your children. However, out of being one family, RweFra has gone beyond the policy recommendations and come together as individuals to support families that have lost loved ones outside the above nucleus prescription. Members need to note that this policy recommends that once collections are made, a 10% is retained by treasury for purposes of any other sup-

port that may be required for a colleague. In addition, the Policy is not only about death, it also prescribes circumstances of support in cases of disease and other emergencies. We encourage members to understand the policy more, so that in case we need to make amendments, then we could make them where necessary.

For 2018-2019 only one family has benefited from the bereavement policy we thank God for has been on our side and we pray for his continued protection even in the followings years. For accountability refer to table 1

### 3. Responding to emergency & Stressful situations.

#### a) Visit To Best Ferigo Family

During the month of March 2019, one of our members – Mrs. Best Ferigo – was visited by an unfortunate emergency. Her house was burnt to ashes. We were fortunate enough that a life was not lost. However, property worth millions was lost. The Executive made a decision that as always, the association had to respond to this emergency. A call was made for contributions from members. From this campaign, we were able to raise up to UGX 3,800,000. We want to thank our membership for always responding to these calls as one big family. As one of the churches in town in their mission state; “we are an association, small enough to care, big enough to celebrate”. Let us continue to care for one another in difficult circumstances, but also celebrate breakthroughs and achievements.

**RWEFRA – A platform for engagement**

## **b). Visiting and supporting the sick**

A number of our colleagues have had health challenges, one way or the other. As an association, we have reached out to some, but also as individuals, we have done even better. We continue to encourage our membership to let us know whenever such circumstances visit them, and how as an association we may help. We also encourage each one of us to reach out, and be our ambassadors because obviously we may not be in position to reach out to everyone, but our fraternized prayers are crucial as well.

<b>Individual Supported/ visited</b>	<b>Amount</b>
Elder Binagwa (Travel to India for Treatment)	UGX 200,000
Ithungu Medress (Visited in Kasese)	UGX 100,000
Taasi (Got an Accident)	UGX 100,000

## **b). Support to weddings and social functions.**

A number of colleagues have been supported by Rwe fra members whenever they asked for support for social functions – including weddings, give-away parties, birthdays, bridal showers, etc. While this is not institutionalized support, Rwe fra views this as goodwill of members that need to be applauded. We wish to report that in this year (May 2017 – April 2018), a number of colleagues have been involved in social functions, including:

Moses Sibairwa	100,000
Masika Jovia	100,000
William	100,000
Mbogha Chris	100,000
Edgar Muhesi	100,000
Thembo Energrate	100,000
Muhindo Albert	100,000

In future, we may have to have discussions on how to institutionalize these arrangements (by creating some loose policy) especially if both couples are members of the Fraternity

## The 40+ Boat Cruise

This idea of 40 plus was to celebrate a grand birth day for all our members who had achieved more than 40 years rather than celebrate it as individuals. Secondly, with thought it was an important event to generate resources that would replenish our welfare fund. Third and most importantly was to create an environment for all of us to appreciate nature and celebrate away from home together. The boat cruise was organised on Lake Victoria specifically at Mutima beach. A series of activities were organised to make the day fun, including football, volleyball and story telling by elders. The feedback so far received from participants has been encouraging.

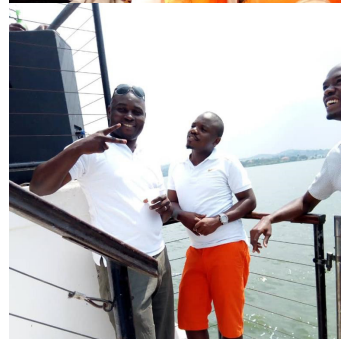

A total of 3,700,000m was collected after costs. Of this 1,340,000= has been invested with the SACCO and balance with the RWEFRA welfare account.

**RWEFRA – A platform for engagement**

## ENTREPRISES/INVESTMENT DEPARTMENT

### Word From the Chair:

As a chair of the Investment Department, I wish to thank my team for yet another successful third year. I take this opportunity to present my team to you as follows:

- |    |          |                              |
|----|----------|------------------------------|
| 1. | Chair –  | <b>Eng. Matsande Wilfred</b> |
| 2. | Member – | <b>Mr. Sausi Swizin</b>      |
| 3. | Member – | <b>Mr. George Alimeda</b>    |
| 4. | Member – | <b>Mr. Muhindo Moris</b>     |
| 5. | Member   | <b>Ms. Sara Baleke</b>       |

We have worked on a number of ‘big-ticket’ activities, particularly the SACCO, and looking out for investment opportunities to offer greater returns to our members. We pledge to continue to offer services to all of you are reasonable terms. We encourage all of you to save with us and entrust your resources with us. Let us grow together!!!

### (a) The Rwefra monthly market day

This happens every last friday of the month. Its an opportunity for members to showcase their bunisses and investment opportunities they have to offer. Testomonies from members indeed show that this plateform has offered a link between businesses and potentail clients. We think we will continue with this arrangement and make it even better.

### (b) The RWEFRA SSACO

Rwefra has continued to growth the SACCO arm after we realized this could be the fastest route to liberate our members economically. We have now made it mandatory for every new entrant to be a member of the SACCO as a pre-requisite to being a member of Rwefra. We anticipate this is going to increase our membership and raise our portfolio. The details of our standings as of now is below:

## **SACCO REPORT AS AT 9TH MAY 2019**

**#Membership: Grown from 30 members to now 100**

### **members**

#Subscription fees	3,400,000
#Membership fees	2,000,000
#Members Accumulated Share Capital	55,297,294 (96% growth from Share Capital of 28,243,694)
#Members accumulated savings is	47,066,602= (3% growth from Member Savings of 45,682,348=)
#Sacco Grants and Profit Earnings has grown from	1,000,000=> 3,010,000
# Loans Application Fees:	280,000=
# Current Loan Portfolio :	76,148,907.50= (29% increase in borrowing moving from the previous 58,868,750= borrowed Amount status)
# Projected Annual Profits:	13,000,000= as opposed to 9,800,000= of last financial year. (32.6% performance growth)

### **GENERAL OBSERVATIONS**

1. Members have realized the benefits of both shares and savings hence the increased shares as observed. However, we continue to encourage more savings very seriously and still have shares on market that close on 30th June for the year 2019.
2. Rwe fra Sacco is progressively growing and making profits for its members investment as well as benefiting members to realize their dream projects.
3. The SACCO continues to lend at 5% interest per month on reducing balance of borrowed money, 2% interest for loans borrowed and paid back within 1 week and 3% flat rate interest for School fees loans (School fees loan opens for a window of two weeks only).
4. All loans remain short term loans payable in 3 months from the date of borrowing.
5. We have a Property loan service to assist members who can afford 70% of the property amount, and SACCO comes in to loan you the balance of 30% at the same interest rates and terms mentioned above but you handover the title and transfer forms to Sacco which shall be handed back to you at full payment of the loan.
6. We thank all Rwe fra members who have endeavored to join the SACCO and continue to save and buying shares. We call upon all those still hesitating to join to do so to enable every member benefit from the SACCO as it grows with better future prospects.
7. Entry fee is 50,000 (20,000= Membership, 20,000= Annual Subscription & 1 compulsory share).
8. A share is sold at 10,000/=.
9. Minimum monthly required savings is 50,000/=.

**THANKS, SACCO MGNT.**

## SOCIAL SERVICES DEPARTMENT

### Word From the Chair:

As a chair of the Welfare Department, I wish to thank my team for whatever we have accomplished, and being together for the year in planning for Rwe-fra. I take this opportunity to present my team to you so that we can thank them altogether.

- |    |              |                          |
|----|--------------|--------------------------|
| 1. | Chair –      | <b>Binagwa Benjanin</b>  |
| 2. | Vice Chair – | <b>Jackson Rukara</b>    |
| 3. | Member       | <b>Masereka Alex</b>     |
| 4. | Member –     | <b>Annette Kobusinge</b> |
| 5. | Member       | <b>Jimmy Baluku</b>      |

We wish, as a team, to thank all of you for having enabled us to perform, in our view, to 100% success, and ask that you continue supporting us even in this upcoming year. We have come up with a welfare policy to streamline our work even better, and we hope you will debate and pass this policy to address any challenges that may emerge as we continue to serve you. I also wish to indicate that we have successfully done a lot of activities and those below are noted:

### A. The RWEFRA SCHOLASTIC MATERIALS – THE FLAGSHIP PROJECT!!!

The 'Rwefra Scholastic Materials Project' was borne out of a discussion and reflection by members on the challenges facing the education system in the district, particularly the primary school level, which is the foundational level. Rwefra members noted that supporting a primary school going child is seeing them realize their dreams and optimally utilize their potential in the future. Primary education is a foundation upon which future participation in the economy, the politics, and general development, is built. Education is a critical cornerstone to self-empowerment and community development. To achieve this future aspiration however, adequate investments in primary education are apparent. Incidentally, Kasese district is one of districts in Uganda which has been registering high dropout rates in primary schools, low completion rates, and even high failure rates at PLE completion.

A number of factors have been identified as contributors to phenomenon – including limited parental support toward education requirements for their children, limited teaching, and reference and library material for many primary schools, coupled with limited motivation for teachers. It is not surprising these days that a primary child appears at school without writing material. When this is interrogated further, it has been found that parents are struggling economically, yet their children want to study to secure their future. It is apparent that, to make primary school graduates from the district, compete with other districts, the quality of education must improve. However, not all these challenges can be addressed in one go. While we continue to advocate for government to address the issues under the purview of the Ministry of Education, it was incumbent on members of the community to synergize around those issues that are feasible within their means. It was therefore acknowledged that each had a role to play in this endeavor.

It is against this background that the “Rwefra Scholastic Materials Project” was launched under the theme: “Improving the Quality of Primary Education – the foundation for unlocking the Potential of the Rwenzori region”. The main objectives of this project were: (1) to reach out to primary school going children with scholastic materials, (2) to put a smile on the disadvantaged child, (3) to instill hope in the community, and (4) to motivate and mentor pupils to complete school. It was expected that through this project, there would be:

- Improved use of scholastic materials by pupils to enhance learning and concentration
- Increased motivation to complete school
- Increased knowledge on career guidance

The drive started in October, 2018 and ended in December 2018, climaxed with the Rwefra Night on December 8, 2018. The drive was aimed at reaching out to 10,000 pupils, with each child receiving half a dozen books. Resources were mobilized through Membership mobilization for individual contributions, appeal to corporate organizations, institutions, business community, and well-wishers, and collections during the Rwefra Nite

## **B. The “Rwefra Night”.**

This is a periodic event organised to bring members and non-members together to shake and shed off the pressures of work, but also it is good for health, networking and socialization. For this year ended, we held a “Rwefra night” in December 2018, at the CHIEF CLUB in Bukoto, Kampala. Over 300 members and non-members attended this very exciting event that was rated highly, based on the feedback thereafter. The Rwefra Night was also used as to conclude and ‘close’ the Scholastic Materials Project. The chief Guest of the project, Mr. Amos Wekesa of Great Lakes Safaris, send a representative who attended this project closeout ceremony. We thank the contribution and the support of the Guest of Honour, together with NTV Uganda, for their contribution that enabled us successfully complete the project. All Rwefra night collections were dedicated to the scholastic materials project.

## C. RWEFRA support to Bwera SS Gate Project

Papa Paluku	150,000
Kabanda Obed	102,000
Sam kiryah	102,000

.	
Binagwa Ben	53,000
Nanyonga Aggie	22,500
Kabyanga Felix	21,000

**TOTAL 1,002,000**

## D. Student Mentorship through sports.

Rwefra was invited to support the Kasese-Kampala students association (KAKASA) a community of students in Universities within the Metropolitan Kampala. Rwefra provided some small financial and material contribution to the organisation of the KAKASA sports Gala that happened at Kyambogo University Sports Grounds in February, 2019. The Rwefra team also participated in the activities of the day including football, netball, volleyball, and we applaud the Deputy General Secretary Ms. Brita, for leading our charges in this event. The students wrote to us and acknowledged our support as well as our participation. This is a critical mechanism or opportunity that is available for students to freely interact with many of us – because they just hear about most of us – but these moments allow freer interaction which is a form of mentorship.

## E. South-Rwenzori Cathedral Construction Fundraiser.

RWEFRA contributed to and participated in the fundraiser to mobilise funds for the completion of the South-Rwenzori Anglican Cathedral. Up to UGX 3,473,000, was contributed from the members towards this cause. In addition, some members participated in the fundraising at Hotel Africana, where they also made direct contributions in their individual capacities. The Rwe fra Chairman bought the auction placard auctioned by the chief fundraiser – H.E the President of Uganda, **at 40,000,000.**

## ADVOCACY AND FUNDRAISING

### Word From the Chair:

As a chair of the Advocacy and Fundraising, in a special way i wish to thank RweFra for entrusting us with this committee as an opportunity for us to serve the broader community. In a special way, I wish to thank my team for whatever we have accomplished. I take this opportunity to present my team to you so that we can thank them altogether.

- |                 |                               |
|-----------------|-------------------------------|
| 1. Chair –      | <b>Mumbere James Cleto</b>    |
| 2. Vice Chair – | <b>Rukara Jackson Muhindo</b> |
| 3. Secretary –  | <b>Masika Sandra</b>          |
| 4. Member       | <b>Asiimwe Swizin</b>         |
| 5. Member       | <b>Kabanda Obed</b>           |

### Our mandate as a committee is to:

1. Collaborate with other committees in order to provide recommendations on RWEFRA outreach programs
2. Develop and implement actions as assigned in the RWEFRA strategic plan in order to achieve objectives and goals
3. Identify potential areas and networks from where to resource mobilize to support the association and her members
4. Identify strategic partnerships & initiate Strategic collaborations with external individuals/organizations
5. Create an enabling environment for members to frequently engage with their leaders in the Rwenzori region but also provide a feedback mechanism for the community members through the use of media.
6. Provides Input on current and upcoming issues on Public policy that relate to RWEFRA and encourage the effective use of RWEFRA structures to enable members be active participants in the decision making processes in the governance system at all levels especially on issues that impact on their lives.

As a department, and with your support, we have achieved quite a number of things in this year ended, and we wish to bring the following to your attention:

## **1. Radio Engagements:**

Two Radio talk-shows were conducted. While these were conducted to purely popularize the scholastic materials project, it was also used as an opportunity to reach out to our community and sell the name of the Rwe fra Association. These were on Kasese Guide Radio and Messiah Radio. During the talk-show, a number of in-radio callers were made, which gave us an opportunity to respond and enlighten the public better on what we are, what we do, and what we stand for.

## **2. Monitoring and Follow-up of donated items**

In the year 2017/2018, Rwe fra distributed mattresses to health facilities throughout the district. One of the concerns that emerged then was how facilities could be monitored to understand the extent to which they properly used these donations, but also for accountability. During 2018/2019, the advocacy and engagement sub-committee championed monitoring the effective utilization of the already donated items. Impromptu visits were conducted at Kyalhumba Health Centre III, and Kyalhumba PHC, among others. The committee proposes to continue doing these monitoring programs to ensure Rwe fra's effort creates impact in communities. At all facilities were toured, we found that mattresses donated by RWEFRA were being utilized fully and patients and health workers were appreciative and gave praises to RWEFRA as well as well praying for all member. Government still has a lot to do in this sector as most of the health facilities do not have proper amenities such as kitchens, bathplaces and toilets. We call upon the district authorities to act. But also all stakeholders lend a hand.

## **3. The extended Mattress Project**

Following the mattress project of 2017/2018, additional facilities that were worth benefiting from the project were identified. Up to 10 mattresses were identified and donated to health facilities in Kyarumba Sub-county. The team used this platform to engage with the community and their leaders about issues of community development. This community engagement and handover team was led by Chairperson David Kongolo. Other members included Dr. Rude Monday Julius, James Cleto, Alex Masereka, and Ms. Annet Kobusinge. The team was also joined by Ms. Justine Mutabazi, a Senior Citizen of the Area and Assistant RDC Kyotera District

#### 4. RWEFRA Night Extension:

The Rwefra Night has been one of the successful annual events, and over-time, it has gained prominence. However, it is held in Kampala, and this constrains some members to attend owing to travel costs and other challenges. It is a challenge particularly to our Kasese Chapter Members. To address this challenge, this year we decided to decentralize this event. To this effect, we organized a parallel Rwefra Night which was dubbed “Extended Rwefra Night”, at Sajoca Gardens – Kibaara, Kasese. This event integrated a ‘family day’ arrangement and was very well received and successful. We used the same event to fundraise resources for the ‘scholastic Materials Project’. Over 4 Million Uganda Shillings was raised through this event. We would like to extent our appreciation to the organizing committee of this event

## **Major challenges for the Advocacy Committee and Looking forward**

1. The committee was not able to generate external funding necessary to sustain the activities of the association, yet there is a lot of resource mobilization potential within the team. Much of what was done in the year generally relied on member contributions. This causes fatigue and may not be sustainable in the long-run. The committee will focus more closely at this issue. We hope to focus on and address this issue in the next year particularly by looking out for calls for proposals for community work and assemble teams when required to respond to those calls. We also request our members to let us know in case they are funding links that we could take advantage of.

## **Major challenges within the one year (May 2018 – April 2019)**

1. Slow recruitment
2. Disinterest from some members
3. Lack of policies around certain activities creates unnecessary anxiety
4. Limited resources creating over reliance on member contributions that create fatigue

## **What is coming up**

5. Rwe fra publicity and communication guidelines. In a bid to improve and streamline communication to our internal and external audiences, we have developed a set of guidelines to guide our communications. A draft that regulates the use of our WhatsApp group page, the website, the twitter and Facebook accounts is being discussed by the executive. Once passed, it will be disseminated to the General Assembly and all communication after that will be expected to fall within the provisions of those guidelines
6. Discussion on welfare policy
7. Discussions on social services policy
8. Structuring our priority areas of focus through completing our medium term strategic plan.
9. Eliminating target members through continuous engagement for everyone to appreciate the concept of social capital and how to harness Rwe fra for their individual benefits

## MEMBER FEEDBACK

*I have benefited from Rwe fra in Multiple wats. But I want to speak specifically to the insurance scheme. The insurance scheme led by the welfare fund has greatly helped me handle issues regarding to illness at home. As a background, my firstborn boy Jordan making 3 years is ill with Cerebral Palsy. He has been on medical attention since birth, with money not always available, I always know he is covered medically since all they need is transport to and from the hospital. The others on the cover are my other son Jotham and my wife all of whom have been taken care of whenever. This has cut down the bills at visiting the hospital (out patient) right from the pocket that were in the ranges of 120,000/- - 200,000/-. I surely appreciate Rwe fra for having thought worth miles ahead to have in place the insurance scheme **[Rwe fra Member]**.*

*Me I have testimony of my time I have been in Rwe fra. My testimony is that some people always want to see this association fail or at least its activities but still want to portray as committed members. It has come to my notice that overtime, some members use fellow members to fight their personal wars. Personally I have learnt to accommodate members the way they are. I have also noticed a mentality of some members thinking anything can't move here without them and if they are not involved will try to make everything look like nothing was done. Lastly but most important, I have made friends **[Rwe fra Member]**..*

*As a memeber of this association i think we have done alot and we need to strive to do even bettter in the coming years. I personally would propose the following areas of focus.*

- 1. Engage more our leaders and all other stakeholders at different levels*
- 2. Partner more with civil society, NGOs and other community development organisations working within our communities.*
- 3. We should engage more with the business community including organising a business round table as one of our annual events. This will create opportunities for our communities.*
- 4. I propose that in this coming year we organise hiking of Rwenzori Mountain as RWEFRA to promote tourism and appreaite our nature and nurture. (RWEFRA member).*

## Members list

Abili Moses	Grace Kabugho	Maate Davis

## **Rwenzori Fraternity Association, Treasury Summary Report for the period 01 May 2018 to 30 April 2019**

<b>Details</b>	<b>Amount(UGX)</b>
Total Collections	62,366,604.00
Total Payments	(44,729,864.00)
Net Surplus in Treasury	17,636,740.00

### **Commentary**

1. During the year, we were able to collect and spend as per report above. This is a summary of the Treasury Report that was shared to the members already. Many transactions passed through the account as well as the payments. This was so because; some of the community collections had to pass through the account for future reference.

Membership and Subscription collections during the period amounted to UGX.10, 310, 000. A total of UGX.2, 002, 500 was spent out of the collections.

The current Membership stands at a total of 232 Members.

During the period, a total of 30 Members left the Association due non compliance issues.

Members need to always subscribe to the association on time to allow those in power run the association smoothly. Most members of the 30 above lost their membership simply because they had not subscribed beyond two years.

Subscription collections for the coming Financial year 2019/2020 are estimated to be UGX.6, 960,000.

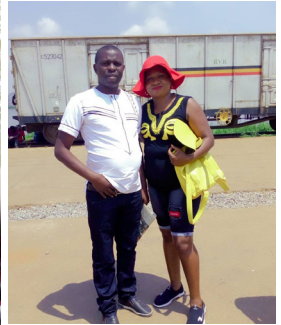

Treasury is thankful to you the members who have continued to move the Association forward through Subscription payments.

We hope that you will continue to cooperate for a better RWEFRA years to come.

The Association through its Executive Committee sponsored the Annual General Meeting for the Financial Year 2018/2019.

**Prepared by Jovia Masika Kule and Masereka Darlington**
